The survey is designed so that you should only be able to answer "Yes" to one statement.

For purposes of statement 1 below (Industry Representative) only, please consider from the perspective of:

- You individually, if you have multiple sources of income;
- The company that you work for as an employee, if you derive the majority of your income from that company, or the company that you work for as an independent contractor, if you do not derive income from any other source; and
- The subsidiary that you work for, as opposed to the entire corporate group, if you derive the majority of your income from employment with a subsidiary that is part of a corporate group. (Note: this does not apply to unincorporated divisions).
